RESPONSE TO OFFICE ACTION

Mail Stop PCT
Commissioner of Patents
P.O. Box 1450
Alexandria, VA 22313-1450

To the Office:

Applicant's attorneys are now in receipt of an official communication mailed by the Office on September 25, 2007 in the form of a non-final office action. The Office action was presented in response to a Request for Continued Examination, presented to the Office along with a preliminary amendment on September 10, 2007. In the office action, the Office has rejected each of the pending claims for various reasons.

The applicants have now transferred this case into our firm and have requested us to prepare a response to the office action. We respectfully submit that this paper is fully responsive to each of the issues raised by the office and that this case is presently in condition for allowance. The Office's careful consideration of the amendments and remarks presented below

will be greatly appreciated. In addition, due to the long prosecution history for this case, the applicants believe that a telephonic interview is warranted. As such, an interview request is also being submitted with this response. The agenda for such interview is basically this response. The applicants would like to further articulate their position in the telephonic interview and attempt to reach a common ground with the Office.

The applicants submit herewith a revocation and appointment of a new power of attorney and a request for a one month extension of time to file a response.
